

WANTED FOR A MURDER OF MICKEY TREE

Sometime between sunset on 13th August 2005 and sunset 14th August 2005 Mickey Tree was viscously, and repeatedly attacked.

The proud Mickey Tree was standing quietly in his normal position outside his house at 4636 Eagle Peak Drive, Eagle Pointe as can be seen in this photograph taken before the assault.

Mickey Tree's attacker has be identified as Charles Hurricane, aka Hurricane Charley. He is described as viscous one-eyed killer who repeatedly beats his helpless victims with wind and water. Hurricane Charley was last seen fleeing northeast to the eastern and north-eastern states of America. After the attack, Mickey Tree was left mortally injured and has subsequently died of his injuries as can be seen in the picture below that was taken by CSI Alton Parady.

We are looking for a fitting replacement of our hero and request the public to help us track down a suitable nursery or garden center that may have a suitable tree to be sculptured into Mickey Tree Jnr.

Norma and Geoff Fowler, Mickey's Friend and Guardian
